

YOKKO

THE ESSENTIALS

HYDRA BOND

Pore Regulator

Moisturising lotion to unify hair porosity.

ACTIVE INGREDIENTS

Enriched with hydrolysed Quinoa protein and Kumquat extract.

Hydrolysed Quinoa Protein: great conditioner, helps to retain colour and increases shine.

Kumquat Extract: acts as a revitalising and energising agent. Provides the hair with greater moisture and shine.

BENEFITS

Moisturises, unifies the colour and strengthens the hair structure. The mixture of plant ingredients in its formulation contributes to a longer lasting colour.

INSTRUCTIONS

Spray on hair before a colouring process. Distribute and comb the hair using the product. Apply desired colouring without rinsing.
