

# YOKKO

## THE ESSENTIALS

## Pre-Treatment Shampoo

Treatment shampoo that gently cleans the scalp, removes all residues and prepares the hair before a specific colouring or treatment. Basic pH shampoo.

### ACTIVE INGREDIENTS

Thanks to a delicate formulation made with non-aggressive plant surfactants, it gently cleanses the hair without irritating the scalp.

### BENEFITS

**Its alkaline formulation opens the cuticle, preparing the hair before a specific treatment.** Environmentally friendly formulation with no ingredients of animal origin.

Its formulation does not contain sulphates, silicones or alcohols.

100% Gluten Free product, suitable for use by those intolerant or allergic to gluten.

Sustainable packaging: PE GREEN container made of 100% recyclable sugar cane bio plastic.

The allergen-free fragrance is characterised by a clean fresh scent with a fruity heart.

### INSTRUCTIONS

Apply product to wet hair. Emulsify. Rinse. Repeat as needed.
