STRONG Eco-friendly Hairspray

Get the hairstyle you want. Define your style! Long-lasting hold, shine and easy brushing. Leaves no residues or gases harmful to the ozone layer. Medium hold for lighter looks, to style your look even after application. Resistant to moisture.

ACTIVE INGREDIENTS

Vegan formulation made of natural raw materials. The formulation of this texturising spray contains **Dimethylglucamine**, a natural base sourced from sugar cane. Thanks to this ingredient, optimal neutralisation is achieved so that it holds the hair while maintaining it flexible. Contains alcohol from beetroot fermentation.

BENEFITS

It respects the hair while maintaining its natural shine. Helps to avoid frizz and to maintain firm waves and perfect hairstyles. Non-sticky, quick-drying formula with ultra-light diffusion. Leaves no residue. Creates an anti-humidity film and provides long-lasting and natural hold at the same time. No harmful gases for the ozone layer.

100% Gluten Free product, suitable for use by those intolerant or allergic to gluten.

INSTRUCTIONS

Apply the product in spray 25-30 centimetres away from the hair, until the desired hold is achieved.

INGREDIENTS

ALCOHOL DENAT. / OCTYLACRYLAMIDE/ACRYLATES/BUTYLAMINOETHYL METHACRYLATE COPOLYMER / PARFUM / DIMETHYLGLUCAMINE /AQUA
