

Well Aging Moisturising Mask

A treatment with vegan formulation that provides hair with moisture, texture and density.

ACTIVE INGREDIENTS

Hyaluronic acid and bamboo extract cure, which when dried creates a hexagonal structure on hair, generating extra volume.

Enriched with tsubaki, chia and sacha inchi vegetable oils for extra moisture.

Tsubaki Oil: is an excellent antioxidant, with a great restorative power and protection against free radicals.

Hyaluronic Acid: provides nourishing, strength and density to the hair.

Chia and Sacha Inchi Oils: helps to recover hair moisture, reduce breakage and increase shine.

**BENEFITS**

Regenerating cure that provides the hair with the following benefits: Moisture, softness, shine, volume, regeneration and greater density. It highly moisturises the capillary structure, compensating for negative effects caused by aggressive treatments and other circumstances that lead to hair water loss. Environmentally friendly formulation with no ingredients of animal origin.

Its formulation does not contain sulphates, silicones or alcohols, making it suitable for the curly method. Due to its composition, it is the ideal treatment to achieve well cared, moisturised and shiny curls.

100% Gluten Free product, suitable for use by those intolerant or allergic to gluten.

Sustainable packaging: PE GREEN container made of 100% recyclable sugar cane bio plastic.

The allergen-free fragrance is characterised by a clean fresh scent with a floral heart.

INSTRUCTIONS

Apply product to wet hair. Massage in and leave on for 5 to 20 minutes, depending on the hair needs. Rinse.
