

## YOKURE CREAM Well Aging

Beautifying Moisturising Cream.

### ACTIVE INGREDIENTS

Multi-function vegan emulsion, formulated with Hyaluronic Acid and Bamboo Extract, that gently moisturises and conditions your hair and skin. Enriched with vegetable oils: Tsubaki, chia and sacha inchi. Contains Vitamins E and B5.

**Tea seed Oil:** excellent antioxidant, with a great restorative power and protection against free radicals. Softens, adds shine and repairs split ends. It has a soft, moisturising and anti-ageing effect on the skin.

**Hyaluronic Acid:** Provides moisture, strength and density to the hair.

**Chia and Sacha Inchi Oils:** help repair moisture, reduce breakage and increase shine in the hair. Restores hair barrier lipids, makes hair more resistant to breakage and split ends.

## BENEFITS

**Styling cream that provides hair with multiple benefits: Moisture, softness, shine, volume, regeneration, increased density and prevents UV damage.** Its formulation creates a hexagonal structure when the hair dries, which adds extra volume. The mixture of its active ingredients with natural ingredients repairs the hair, bringing back the needed moisture and shine. Revitalises and provides density. The combination of the different oils and other active ingredients ensures that Yokure Cream provides hair more shine, moisture and less breakage.

Its formulation does not contain sulphates, silicones or alcohols, making it suitable for curly hair. Due to its composition, it is the ideal leave-in product to achieve well-cared, moisturised and shiny curls. 100% Gluten Free product, suitable for use by those intolerant or allergic to gluten.

It acts on the face as a 3 in 1 product, as it can be used as a base before makeup, as a moisturising cream, and also enhances skin radiance. Lightweight texture with a captivating scent that provides softness and moisture.

Environmentally friendly formulation with no ingredients of animal origin.

Sustainable packaging: PE GREEN container made of 100% recyclable sugar cane bio plastic. The allergen-free fragrance is characterised by a clean fresh scent with a floral heart.

## INSTRUCTIONS

**On the hair:** Apply product to damp hair from mid-lengths to ends. Untangle. Do not rinse.

**On the skin:** Apply a small amount of product to the skin and spread. Works as a moisturising base, helping to prime the skin for make-up application.
